PROFILE

Motivated Software Engineer and Web Developer with hands on experience in full stack and web application development. Skilled in designing, developing, and maintaining responsive, user focused web applications through real world projects. Seeking an Internship opportunity as a Software Engineer Intern and an Intern Web Developer to gain industry exposure, contribute to innovative projects, and further strengthen technical expertise.

SKILLS

Frontend Technologies & UI Libraries : React.js, Tailwind CSS, daisyUI, PrebuiltUI

Backend Technologies: Node.js, Express.js, REST APIs, Inngest

Programming : JavaScript (ES6+), TypeScript, HTML5, CSS3

Databases: MongoDB, MySQL

Auth, Deployment & Tools: Clerk Authentication, Git/GitHub, npm, Postman, Vite, Vercel, Stripe API, Cloudinary

PROJECTS

StyleCrate – Fashion Web App

A fully functional fashion website developed with the MERN stack, featuring secure Stripe payments, a role based access system, and a comprehensive admin dashboard for product, order, and customer management. Designed with a responsive interface to deliver a smooth user experience across desktop and mobile devices.

- The project is live and accessible at (View Project): (<https://style-crate.vercel.app/>)

Groceasy – Grocery Web Application

A scalable grocery website built with the MERN stack, offering real time cart updates, Stripe powered checkout, and a seller dashboard for inventory and order tracking. Integrated Cloudinary for optimized image handling, which improved overall performance and user satisfaction.

- The project is live and accessible at (View Project): (<https://groceazy-new.vercel.app/>)

QuickBlog – AI Blogging Platform

A modern blogging platform designed with rich content features, role based access, and an analytics dashboard to track readership and engagement. Features include a rich text editor, content moderation tools, role-based access, and an analytics dashboard for tracking engagement and readership growth. Built with a responsive UI for seamless use across devices.

- The project is live and accessible at (View Project): (<https://quickblog-seven.vercel.app/>)
-

EDUCATION

- Certificate in Full stack Engineer (MERN Stack)
STEM Link — 2025
 - BSc (Hons) in Computer Science (Software Engineering)
University of Wolverhampton, United Kingdom — 2020–2024
 - Diploma in Network Administration with Security
Vocational Training Center, Dehiwala, Sri Lanka — Jul 2022–Jan 2023
 - Certificate in Computer Fundamentals & PC Applications
Computer Resource Center, Rahula National School, Godakawela — 2012
 - G.C.E. Advanced Level
Rahula National School, Godakawela — 2012–2014
-

TECHNICAL EXPERIENCE

Technical Support & IT Exposure — Various Roles (2019 – 2024)
